

## Listen for These **RED FLAGS!**

1. Are they asking for credit card information?
2. Are they asking for banking information?
3. Are they asking for personal information like your Medicare or Social Security numbers?
4. Offer is only good today, you should have time to think and verify.
5. They know something about you but need to verify the correct information.
6. If any of these are happening...**HANG UP!**
7. Report the call to the Nebraska Senior Medicare Patrol at 1-800-942-7830

*The production of this tip card was supported by grant (HHS-2012-AOA-mp-1202) from the Administration for community Living (ACL). Its contents are solely the responsibility of Nebraska SMP and do not necessarily represent the official views of ACL.*

## Stop and Think before Talking to Telemarketers!

1. If the call is from a charity, tell them to send you information in writing. Be sure and add that you do not give money to strangers over the telephone.
2. If they are selling something, ask for information in writing. If this is a one-time opportunity, tell them you do not make decisions over the phone. Repeat that they should send the information to you by mail.
3. Ask the caller for their name, the name of their company, and their call back number. Tell them you will get back to them after you verify the offer.
4. Then HANG UP! Do not get into long conversations.
